Message from the In-charge Principal

Dear students

Empowerment of students for their all-round development through education is our cherished motto. Today education means much more than merely acquiring knowledge. It is acquisition of knowledge and skills, building character and improving employability of our young talent, the future leadership. When all the constituents come together and work in unison, the expected results are bound to flow.

I am proud of being the Principal of such a wonderful institution dedicated to the causes of better India. Our mission is to transform students into rational thinkers, competent workers, law abiding citizens and spiritually enlightened individuals. This is my firm belief that the rich values and traditions imbibed here would carry you to greater heights.

V.S. Patel College of Arts & Science is a vibrant learning community that encourages a three-way partnership between students, parents and the college. The strength of that partnership is reflected in the success of our students.

I would be pleased to welcome you to V. S. Patel College at any time. We would be delighted to be involved in the education of your child and to foster in her/him the values we value and seek for our departing collegians.

Come on let's give our best and make this institution a modern temple of learning through our diligence, devotion and dedication. Wishing you all the best...!

Wish you good luck,

D. B. Patel

BCA-BBA Course

Message from the Coordinator

Everybody in this country should learn programming and how to tackle problems because it teaches you how to think.

Rooted in the values of **peace and justice**, BCA & BBA promotes international understanding, awareness of global citizenship and academic scholarship through educational exchange.

As educators, we are convinced that no genuine understanding of global issues can be gained without a strong intellectual grounding in the histories, societies and cultures of the region in which our students pursue their studies. Furthermore, we believe that student learning in all of our programs depends heavily on meaningful direct contact with local people whose lives are entwined with and affected by the issues we aim to understand.

The guiding philosophy of the institute has been creation of knowledge, influencing management practices and integrates globally. The objectives of imparting education, combined with creation, dissemination and application of knowledge, are being met in an integrated form, to create a synergetic impact. The institute is committed to creating an ambience for nurturing innovation, creativity and excellence in our students. We strongly support interdisciplinary research and development for the benefit of Industry and Society.

The programs that we offer at B.C.A. & B.B.A. have been crafted with care and devotion that an artist, bestows to a painting or a musician to a lyric. Both B.C.A. & B.B.A. are **Career Oriented Course** and the demand of students with B.C.A. & B.B.A. is increasing day by day. After study placement is available for our students.

So I invite you to come and take admission in B.C.A. & B.B.A. Course; where mind and matter amalgamate into a seamless continuum and turn life into a rich tapestry- one that you, your parents, siblings and friends, would be proud of.

All the Best for your Future

B.B.A

BBA (*Bachelor of Business Administration*) is one of the most sought bachelor degree programmes after 12th. It includes complete knowledge of leadership and management.

The BBA degree has been started to provide the ground knowledge for producing the sound management professionals. The degree programme in Business administration is one of the most jobs provider educational degree course. In India and abroad, there are various multinational industries, which are offering jobs to various business graduates.

The best part of program is that the student having any subject in its 12th standard can get admission in the BBA program.

BBA degree allows the candidates to enter in the field of management. This degree teaches the students with various aspects that are necessary for effective business management and essential for entrepreneurs and business managers. Bachelor in Business Administration also gives you a platform for pursuing courses like MBA.

The degree is very often referred to as the “golden passport” as it gives its holder an edge by opening the doors of opportunities.

BBA course features:

- Equip students with variations like - analytical, conceptual, quantitative, communication and human skill.
- Nurture positive attitude and self confidence, ability to lead and work in team, enforce responsibility and understanding of business ethics.

- Provide an opportunity to develop specific knowledge and skill in accordance with one's interest and talents
- It also includes subjects related to mathematics and computer.

After the completion of BBA the student can opt for further studies like MBA.

OBJECTIVES OF B.C.A & B.B.A.

“If you are planning for one year, plant seeds.

If you are planning for ten years, plant trees.

If you are planning for hundred years, plant men.”

The trustees and members of BVKM were inspired by the Chinese saying, ‘Youth will reshape the world’ and decided to contribute to the development of better future of INDIA by starting this trust. And this contribution can be best achieved through EDUCATION, as EDUCATION can help achieve many things like

- Cultivating LAWFUL citizens of tomorrow.
- Nurture politeness and behaving in disciplined manner.
- Moral values and Ethics can be imparted.

They had provided best possibilities for course like Arts, Science and Commerce stream. But they were aware of the new hi-tech world; computers have replaced humans around in every field of life.

The knowledge of computers & management had become essential and computers & management have become crucial for large establishments and projects around the world. They felt the need of computers & management in the world along with the basic subjects. But the knowledge of these basic subjects were not enough, the world needed something more and this space would be filled by the education of computer & management. And to achieve this goal i.e. to give the knowledge of computers & management and build people who could fight for their existence in the hi-tech world and making the society aware of the benefits provided by Information Technology & management and thus provide best IT & management professionals for future.

“An organization can achieve any Goal it sets out to achieve, if it has the capability to recognize the needs, achievements and the Goals of its Students”

MISSION OF B.C.A & B.B.A

Whenever we start for some work no matter whether it is big or small. It always has a mission. The mission of our Institution is to fulfill all the objectives of our management and to provide the best Information Technology & management education to students. Not only impart knowledge to students but also help the students to develop power of taking decisions independently, discrimination between good and bad, right and wrong, necessary and unnecessary. We aim to cultivate lawful citizens and develop good human beings by giving them knowledge of moral values and ethics along with professional education.

Not only we cultivate the students with moral character but also we teach them moral values like politeness, softness, understanding, kindness, respect to elders as well as other values that they will need when they enter the professional world without which their survival is impossible in this corporate world. Thus next generation of IT & management professionals will not only be successful in software development but will also be good citizens of INDIA. Our institute aims at presenting giant personalities like Bill Gates and Azim Premji & Mr. C.K. Prahlad (The known Management GURUS) to the world even in coming future.

“Success is ten percent inspiration and ninety percent perspiration”

***Establishment of B.C.A. & B.B.A. Course as
a part of V.S. Patel College***

**B.C.A is a stream, which is linked with Computer Science.
B.B.A is a stream, which is linked with Modern management.**

In year 2000 Mr. D. B. Bhavsar sir was the principle of the V.S. Patel college of Arts & Science Bilimora. Due to some academic reason he visited “M.S. University, Baroda” where he got Information for such computer Course run by “M.S. University”.

At that time Central Government as well as Gujarat Government was in the Process of Making Higher Education self-financed and due to this reason, South Gujarat University Surat approved affiliation for various self-financed Courses.

In year 2000 there were 75 colleges affiliated with South Gujarat University Surat which where either Grant in aid or Government Institutes. Three colleges have applied to South Gujarat University Surat for starting BCA. One of them was V.S. Patel College of Arts & Science Bilimora

University approved affiliation of V.S. Patel College of Arts & Science Bilimora for B.C.A. Management was of the view that, Information Technology revolution taking place through out India and perhaps there was not a single field without Computer Operation, this Course had a Good Prospects and there weren't any problem for getting students. Students admitted received good faculties and good environment for such a Course.

Thanks to the boom in IT Markets, which was hitting Indian Middle Class moved, for IT jobs & B.C.A. was the ideal media.

In 2008, B.C.A. got its separate building, thanks to the efforts made by B.C.A. management, staff and students and thanks to the honorable donor family of Nirmalaben Vitthalbhai Patel, who have collected donations for the building.

In Academic Year 2009 B.V.K. mandal had pursued affiliation for B.B.A. Course. Then Secretary Mr. Mukesh Mehta had taken tremendous interest for starting B.B.A. in the same building. And In the academic year 2009-10 First batch of B.B.A. was admitted.

Student's Corner

College is a place where we need to be a little more mature than how we were at school. It's a place where we create a bigger foundation of our life. It's a place where we find and create ourselves and V.S. Patel College is the best place to create and improve yourself.

I enrolled myself in this college during term 2017-2018 in BCA Course. This college provides me a platform to enhanced my skills and help me to develop my recognition. I want to thank all faculty members who helped me in these three years.

This college and faculties put there all efforts to build a great environment for students and provide all possible facilities. My college inspires me to think out of the box and gave the confidence which all students must need in their career.

And the cherry on the cake this institute celebrates all festivals and different days. I am always grateful to this college and faculty members.

Everyone is always excited when they finish their school because it's time for college. College life is one of the best time of anyone's lifetime. You make many friends, sometimes you make mistake but from those mistake, you learn a lot. For me, I was very nervous and excited on the first day of college. However, not even a single day has been there where I have not learnt. I found my true self and my capabilities. And my college plays a big role in my life. I have no words but to thank all the faculty members, our principal, our co-ordinate and also all the other team members for giving us one of the best experience of life. Here in VSPC we just don't learn about studies but also about life and also have a lot of fun. I will be going to miss all my friends, staff and all those tons of memories I had in this college.

Bulsara Krishna H.

The infrastructure of the college is excellent with the provision of all the basic facilities. The college provides all the basic amenities to the students like better and spacious classrooms, library with good reference material, conference halls etc.

College campus is good. Student do lots of activities daily and every month college do seminar on new technology.

The faculty are good, experience and skilled. They are strict but understanding and help students with the curriculum out of their way by taking extra efforts. With the theoretical knowledge, practical exposure is also provided. Lab teaching was very prominent. Not only this, they focused on students' future

Pawar Mehul P.
TYBCA

College is providing many facilities each and every year for student that is Campus interview. The main aspect that is education is been given in both the way that is theoretical by the Faculty as well as some practical knowledge which would be helping in their future so college arrange industrial visit in different companies like Parle-G, Balaji Wafers, Adani Port Surat etc. There are many kind of activity like Group Day, Sports day, etc and different competition arrange like interschool, interclass as well as inter college competition.

As one of the best proverb for all the students who studied in any of the college it says as “**YOU’LL MISS THE BEST THINGS IF YOU KEEP YOUR EYES SHUT**”. Here things in proverb is been highlighted as education provided in the college.

Vision of the college is simple "Being Student Centered And Not System Centered".

About BBA it goes till now that all the faculty are been well qualified and they are giving training to the student as if once we have completed with the BBA student have been already decided what would be helping in the future which is been provided by the Faculty. To all the students different kind of reading material is been provided by all the faculty which would be helpful in reducing the doubt of the student. Not only the theory of business is tout but actually how business run is been explained with different kind of live examples in the lecture which would help student to understand the concept easily in the mind.

Mission of BBA department is to, "Provide best management education to all the students"

Myself Yash Patel last year of graduation in BBA, V.S. Patel college of Arts and Science Bilimora for me this college is one of the best as they have given me the platform on my feet to face all challenges in future. College provide all equipped facilities with good infrastructure. I feel the life in this collage is probably the most amazing.

"Education is our passport for future" Tomorrow belong to people who prepare it for today."

College is not all about studying all the times and getting marks. College gives us the new meaning and way to live our lives one. Being in college is all about findings yourself and making new discoverers. I have enjoyed each and every day of my college to it's fullest. It is about the making new friends and who would guide you to the right path through your college life. BBA department wherein all faculty's are very helpful and friendly. Faculty use projectors for teaching and also provide practically knowledge. College also take students feedback in regular interval related studies and if any difficulty they have regarding college and also provide solutions.

I liked each and every moment spend in this college. The staff member and every members of this college are very helpful in nature. Our BBA faculties give us proper guidance and knowledge regarding we ask to them. These most memorable days are celebrating college days like a cultural day, cartoon day, Angel and devil day, sports week and also celebrating the different cultural event in this college. The classes are very interactive. The library is good and there are no limitations on books like other collages.

At last thank to the faculty member and other staff member for giving us such a beautiful experience.

Testimonials

Dear Sir,

First of all I would like to congratulate for your new prospectus and successful completion of the year. I wish the college will continuously grow in both the aspects number of students and also by professional personality's creation by students. I have visited various colleges but very few are really blending education and all co-curricular activities nicely, you are one of them who really make sincere and disciplined atmosphere during the year at the same time working for practical knowledge development of students. I appreciate your efforts to invite more and more professional to deliver lectures and motivate students.

I wish you and your team for grand success in university exams results and will continue with same spirit of youth empowerment.

Thanking you

Yours truly

Beyond the class room Sports & Extra-curricular Activities

Being involved in extra-curricular activities helps to raise the self-esteem of teens. Teens struggle with self-esteem, and these activities are a way that they can build self-esteem. Everyone wants to find something that they are really good at, and extra-curricular activities provide them with a way that they can get involved in something and really shine, giving their self-esteem a boost.

A fit mind is an active mind. With its playground & gymnasium and the availability of expert gym instructor the college encourages students to participate in various sports like cricket, volleyball, badminton, table tennis, chess, carrom etc. apart from their academic schedules. The sports and cultural activities bring out their extra-curricular skills. Sports are provided with less fee charge to students.
